Update on the Strike Called by Off Dock Trailer Associations

Dear Valued Customer,

This is to inform you that a sudden strike being called by the off-dock trailer association on 26-Feb-2020 from 06:00am morning. All the container movement between off docks and Port Terminal came to a standstill.

No development is visible as of now and the strike is still ongoing. Since there is no movement at all, we are foreseeing a potential shut-out of outbound containers from nominated vessel due to no show at the vessel hook point.

We are keeping an eye on the situation and shall keep you updated. We will also request you to keep a close liaison with your respective off dock depot to get the latest update on the inland movement.
