

## Restrictions of e-waste Cargo into Hong Kong

**Dear Valued Customer,**

Following the Hong Kong Environmental Protection Department's announcement about the **"Full Implementation of the Producer Responsibility Scheme on Waste Electrical & Electronic Equipment"** we wish to draw your attention that effective from **2018/12/31**, a permit will be required for the import, export & tranship of e-waste at Hong Kong. Contravention of the above legislative requirement is an offence.

Please ensure you or your customer have related permit for the e-waste cargo covering **eight types** of equipment including abandoned air-conditioners, refrigerators, washing machines, televisions, computers, printers, scanners and monitors, before import or transhipment into Hong Kong. You may find more information by referring to below official link published by Hong Kong Government.
