Transport Strike in Bangladesh

Dear Valued Customer,

Please be informed that the platform of owners and workers of trucks and covered vans has enforced an indefinite strike across the country from Nov 20, 2019 (6:00 AM) to press home their nine-point demand, mostly for changes in some sections of the newly enacted Road Transport Act – 2018.

Due to this strike, road communication between capital city Dhaka and 19 other districts have been cut off. Container movement to and from port premises is also hampered.

We continue to monitor the situation and will be sharing updates from time to time. For any further query, please reach out to below email addresses:

Sincerely yours
